

Weihrauch HW80 and Beeman R1 Conversion .22 and .177 cal.

Theoben have achieved a technological breakthrough with this DIY drop in piston/gas spring conversion. No rifle changes are necessary with this drop in unit. Just remove the old coil spring and piston and fit the new unit. Beware you must order for the correct calibre i.e. if a .177 powered conversion was fitted into a .22 calibre rifle, the rifle would be over the UK legal limit.

The Advantages are;

- ⊕ Low recoil
- ⊕ Quiet operation (no coil spring noise)
- ⊕ Better accuracy because the lock time is improved
- ⊕ Power unchanging (unlike coil springs which wear out)
- ⊕ FAC conversion gives 18-21ft/lbs energy in .22 calibre
- ⊕ Shoots light or heavy pellets consistently
- ⊕ Fitted with Zephyr Piston Crown - FAC version only

Pressure pre set and ready to fit state cal. and/or FAC

BUY THE LATEST TECHNOLOGY
REPLACE YOUR OLD COIL SPRING WITH A GAS STRUT

Air Arms, BSA, Beeman, Gamo and Webley Conversions

Fit a gas strut conversion and you can have all the benefits of the patented Theoben Gas Ram air rifle in your rifle. Simply replace the coil spring with our sealed gas spring strut and transform the performance of your rifle.

You will be astounded by the difference, plus it's a 'tune up' that only needs to be done once. This is because the gas struts are good for thousands of shots with no change of power, unlike a coil spring that is destined to wear out from day one. Even the FAC rated Webley Patriot and Beeman Kodiak gains from smoother cocking and shooting.

DIY Theoben conversions available for:

AIR ARMS sidelevers:

Bora
Camargue
Firepower
Jackal
Khasmin
Mistral

GAMO: Hunter

BSA:

Goldstar
Lightning
Meteor
Supersport
Superstar

BEEMAN:

Kodiak (FAC only)

WEBLEY:

Eclipse
Excel
Omega
Patriot (FAC only)
Stingray
Tracker
Vulcan
Xocet

PLEASE NOTE: If your rifle is not listed, a gas strut conversion kit is not made for it. The rifles that are listed above are the **only** rifles that will fit the gas struts. They are all rated at 12 ft/lbs except for the FAC rated Webley Patriot and Beeman Kodiak - these are the **only** FAC rated struts.

All complete with installation instructions and modified parts where necessary. Instructions also available to download from our website.

Please state rifle model and required calibre on your order.
