

## Evolution

12ft/lbs energy from our patented H.E. Gas Ram System

12ft/lbs - .177, .20 & .22 calibres

### Another great air rifle from Theoben ...

Several new features have been included on this model as well as some of our tried and tested ones. Stylish right hand Walnut stock, latest generation H.E. Gas Ram System, Evolution trigger, satin black finished action and barrel.

### Forget your greasy old coil spring rifles - Go with modern technology

This new model is powered by our latest generation H.E. (high efficiency) Gas Ram System which improves consistency and reliability. Using new piston crown material our specially designed Zephyr grooves are no longer in the piston crown but now machined into the end-wall of the compression chamber.

#### Specifications

- ⊕ Break barrel
- ⊕ Single shot HE gas ram
- ⊕ 2 stage Trigger with automatic safety
- ⊕ R/H Walnut stock or Ambi Beech
- ⊕ Low Recoil

#### STD 12 ft/lbs

- ⊕ 266mm (10½") choked barrel
- ⊕ Weight: 3.4kg (7.5lbs) unscoped
- ⊕ Length: 978mm (38½")
- ⊕ ½" Group at 40 yards
- ⊕ Scope Mounts (optional)

The Evolution is available with a choice of stocks: The attractive Walnut stock is right hand (or left hand) or there is the sturdy Ambidextrous Beech stock. The Walnut stock has a stippled pistol grip and forend - the Beech stock is chequered. Both are fitted with a ventilated recoil pad.

Evolution rifle  
with a Beech Ambidextrous Stock  
and Vortex Silencer

Prices do not include scope

We have designed this rifle to be the new entry level model of our renowned range. But we haven't scrimped on quality or taken shortcuts. Everything is as you would expect of a Theoben; high quality parts and materials means very low maintenance and the H.E. system means almost no recoil, making it very easy to shoot.

perfect scope alignment and guaranteed not to let the scope shift and loose zero. Mounts are available to fit both 1" and 30mm tube scopes. The Dampa Mount gives fantastic accuracy even with less expensive scopes.

This rifle has been quoted by Terry Doe as being '**one of the fittest sporters money can buy**'. Thanks to the stylish stock and the satin black finished action and barrel rather than the hi-gloss black.

Evolution rifle  
with a right hand Walnut  
Stock and Vortex Silencer

The Evolution rifle is fitted with the fully adjustable Evolution Trigger with its automatic safety catch and Evolution Silencer. We don't think that any more **evolution** is required to improve this seriously stylish sporter!

**Optional Extras;** Mounts, Chronograph, Sling and Swivels, Gun Bag, Scope, Pellets. Also see accessories pages.
